

ASHWINI CHAUDHARI

UI UX DESIGNER

WORK EXPERIENCE

Soft Ultima, UX Designer

Check Please

Apr 2018–Jan 2019

Designed a restaurant app that allows the customer to interact with waiters using this application. Designed two separate versions for both customer and the server. Created custom logo, icons etc. As the only designer, gathered user data, ideas, drew sketches and wireframes, created flowcharts, storyboards using Adobe Illustrator. Prepared and shared design specifications with the development team using GitHub. Provided XD links for reviewing and developing also worked on suggested edits.

DIGI Doc

Jan 2016–Apr 2018

Designed a journal web app where anyone can create notes. Gathered information from business, created mockups, wireframes using Balsamiq. Created user centered design using Adobe XD. Implemented design theory, color and typography. Provide design support to developers like creating/supplying logos and other as requested in the appropriate file-format and size. Provided XD links for reviewing and developing also worked on suggested edits.

EDAG, Junior Designer

Dec 2013–Dec 2016

Designed a fixture status tracking tool that gave progress report of fixtures, which were designed for various panels of cars. Gathered information and requirement from business. Starting from story boards and wireframes, came up with a complete design and prototype using Adobe XD. Worked continuously with business to get it approved. Was involved in iteration planning to explain requirements to team. Our valued customers were Volkswagen, Audi, BMW, DC. Was the only UX designer. Was involved in all the planning meetings. Took feedback from customer and had the design ready before the deadline.

SKILLS

EDUCATION

Pune University 2009 - 2013
BE Mechanical (First class with distinction)

ABOUT

I am passionate about designs and art. I have been into UX designing since past 5 years and can put up creativity and usability together. I can deal with many design software, styles as well as modern design techniques. Initially I played around and recreated my favorite websites and have been creating my own ever since. If given a chance we can create "ours".
